REPUBLICAN NOMINATIONS.

FOR PRESIDENT.
JOHN C. FREMONT.
FOR VICE PRESIDENT.
WILLIAM L. DAYTON.

PRESIDENTIAL ELECTORS.

State at Large.—**EDWARD D. HOLTON,**
1st District.—**JAS. H. KNOWLTON.**
2nd District.—**GREGORY MENZEL.**
3rd District.—**WALTER P. MCINDOE.**
4th District.—**BILLE WILLIAMS.**

FOR CONGRESS.

1st Dist.—**JOHN F. POTTER,** of Walworth Co.
2d "—**C. C. WASHBURN,** of Iowa Co.
3d "—**CHAS. BILLINGHURST,** of Dodge Co.

There are two candidates for Congress presented for the suffrages of the electors of this District.—John F. Potter of East Troy, Walworth County, and Jackson Hadley of this city. We propose to speak frankly, honestly and candidly of these two candidates and their qualifications, and the issues involved in their election. Both of them are amiable and unexceptionable men, in the relations of private life, and no question will be raised in regard to either of them in this respect. It is with their public relations, their personal character and fitness for the posts which they are nominated to fill, with which we have to do.

We have known JACKSON HADLEY ever since his residence in this city. Hadley has been told four years ago, that he would have been the Democratic candidate for Congress in this District, in 1896, we should have been a little incredulous, had we not known of what material that party usually makes candidates and officers. And the party, we doubt not, would have been more surprised than we should have been. Such nominations, however, certainly prepare the public mind readily to believe the orthodox theological doctrine, that it was perfectly easy for God to make the world out of nothing. Mr. Hadley has one indispensable qualification for a successful Democratic politician—he is an indefatigable wire-worker, and can do as much in the way of button-holing and promise-making, as any man in the District. In these respects, we doubt if he has his equal. And his success in this respect, is a proof of this fact. For with moderate abilities, he has worked his way, in three and a half years, from the position of clerk in a forwarding house, to the position of Alderman, Assemblyman, State Senator, and candidate for Congress. He has had the shrewdness to act on the motto, "a bird in the hand is worth two in the bush," by retaining his office as Alderman while seeking and holding the other offices. In fact, he knew that the post of Alderman, when so many contractors were to be farmed out and harbors and bridges were to be built, gave him unusual facilities for controlling a great many votes, and that he has used this privilege wisely and well for his own political preferment, his triumph over the Post Office wing of the party in this city, and his present position, as a Congressional candidate, is a striking proof.

A Sure Gun from the Key Stone.

PITTSBURGH, Oct. 15.
Allegheny.....4,300 maj.
Tioga.....2,700 "
Lucerne.....1,700 "

Dispatch from Philadelphia gives the whole State but 17 counties. Union ticket 2,000 ahead. The counties to be heard from will increase this majority.—Foster, of the Pittsburgh Dispatch.

Another Gun from the Buck Eye.

LATYMER-CINCINNATI, Oct. 15.—The Republicans have carried the State by from 30,000 to 40,000 majority.

The Republican gain in Hamilton county is over 5,000.

Campbell and Nichols are re-elected to Congress. Galloway probably also re-elected.—Two Democrats elected in this county.

Nothing definite as yet from other Congressmen.

Latest Election Returns.

Ohio has gone Republican by 40,000 majority.

Pennsylvania.—Forney claims by estimating ten back counties, 4,000 majority for Buchanan, but thus far, the Republican ticket is ahead, and we think, if the Barstow canvass is not repeated in Pennsylvania, the Republican ticket is elected by 5,000 majority, despite all the frauds and colonization of voters.

Nothing later from Indiana.

We advise all not to bet on the result.

Pennsylvania.

The return received last night and to-day, here, confirmed our belief, despite the crowing of the Hunkers yesterday, that the Republicans have carried Pennsylvania, by a decisive majority. The Republican ticket is now ahead with 17 counties to hear from, which last fall gave 4,000 fusion majority. Another dispatch from New York says that it is generally admitted that Pennsylvania has gone for the Republicans. If these reports are confirmed, Pennsylvania is sure for Fremont. There are two things which will operate in our favor at the Presidential election.

1. The Quakers, who take comparatively little interest in a State election, and who seldom vote, are now thoroughly aroused, and will all vote for Fremont.

2. The Buchananers can't convince voters from New York, New Jersey and Maryland, at the Presidential election, as they did at the State election, because the election takes place on the same day, in all the States, and their voters will be wanted at home. If Pennsylvania has given a majority for the Republican State ticket, the last hope of Buchanan is gone. For should he get beside all the Slave States, Illinois, California, and New Jersey—which he will not—he would still be in a hopeless minority.

Crowing too Soon.

The democrats, as usual, crowed before they were out of the woods, yesterday, in regard to the Pennsylvania election. In New York the Buchananers fired a salute of 100 guns in the Park, and Capt. Rynder paraded the streets with a transparency, upon which was printed in large letters, "Have you heard from Pennsylvania?" "Have you heard that the Captain had not heard."

In this city the Border Ruffian devotees were in "high feather" all day, and their "O! be joyful!" countenances exhibited an exuberance of good feeling. Toward midnight, however, they backed down, and by 9 P. M. were seen skulking around the corners, avoiding the Fremonters, and with their countenances lengthened materially.

The news of this morning says:

"Our news from Pennsylvania is reliable. The news of this city 'are' reliable, say we. Proof.—It says that the democratic majority in Pennsylvania is 8,000. It will probably stick to this until it is convicted by the official returns, and all the Border Ruffian organs in the State will re-echo it. Too bad—decidedly—your last footstool is swept away, and like drowning men, you 'catch at straws.'"

OPERA IN NEW YORK.—The Italian Opera in New York is suspended for the present.—This suspension has created quite a flutter among the fashionable opera-goers of Fifth Avenue. Bennett, of the Herald, promises to publish, after election, a full report of the famous libel suit between himself and W. H. Fry, the composer. He intimates that rich developments will be forthcoming.

M. S. Barnett, of Eldorado, is the nominee of the Republicans, in the 2d Assembly District of Fond du Lac Co.

The Congressional Candidates in the First District.

There are two candidates for Congress presented for the suffrages of the electors of this District.—John F. Potter of East Troy, Walworth County, and Jackson Hadley of this city. We propose to speak frankly, honestly and candidly of these two candidates and their qualifications, and the issues involved in their election. Both of them are amiable and unexceptionable men, in the relations of private life, and no question will be raised in regard to either of them in this respect. It is with their public relations, their personal character and fitness for the posts which they are nominated to fill, with which we have to do.

We have known JACKSON HADLEY ever since his residence in this city. Hadley has been told four years ago, that he would have been the Democratic candidate for Congress in this District, in 1896, we should have been a little incredulous, had we not known of what material that party usually makes candidates and officers. And the party, we doubt not, would have been more surprised than we should have been. Such nominations, however, certainly prepare the public mind readily to believe the orthodox theological doctrine, that it was perfectly easy for God to make the world out of nothing. Mr. Hadley has one indispensable qualification for a successful Democratic politician—he is an indefatigable wire-worker, and can do as much in the way of button-holing and promise-making, as any man in the District. In these respects, we doubt if he has his equal. And his success in this respect, is a proof of this fact. For with moderate abilities, he has worked his way, in three and a half years, from the position of clerk in a forwarding house, to the position of Alderman, Assemblyman, State Senator, and candidate for Congress. He has had the shrewdness to act on the motto, "a bird in the hand is worth two in the bush," by retaining his office as Alderman while seeking and holding the other offices. In fact, he knew that the post of Alderman, when so many contractors were to be farmed out and harbors and bridges were to be built, gave him unusual facilities for controlling a great many votes, and that he has used this privilege wisely and well for his own political preferment, his triumph over the Post Office wing of the party in this city, and his present position, as a Congressional candidate, is a striking proof.

Mr. Hadley believes in the scripture injunction, "Ask and ye shall receive, seek and ye shall find," for no man in this community has ever asked and sought more earnestly and pertinaciously for office than he has. For many months before his nomination, he began the work of pipe-laying and log-rolling, to secure it, and he followed up the work with the perseverance of one seeking for lost treasures, whose whole hopes of the future, depended on finding it.

In this respect, Mr. Potter's course has been in striking contrast with that of Mr. Hadley. Judge Potter never sought a nomination to any office. In 1893, when the Free Soil party was strong in Racine county, he was tendered the nomination of District Attorney, and declined it in favor of another, although he was then a practicing lawyer, and the office would have helped him. His nomination to the Assembly, and to the office of County Judge, was entirely unsolicited on his part, and the latter made without his knowledge. And he has not made a movement or done a thing to secure his nomination to Congress in this District. And even after public sentiment in the District, had generally settled down upon him as the candidate, he uniformly said, "If any man can draw any greater strength to the Republican ticket than I can, let him be elected." Messrs. Mitchell and Crocker can testify with what readiness he consented to step entirely aside from being a candidate, and advised that a candidate be taken from this city, if, as some thought, such candidate could poll a larger vote than he could. There was a magnanimity and nobility in such a position, unusual in the conduct of men in these times. And there is just this difference between Jackson Hadley and John F. Potter.

Mr. Hadley is an under-ground, wire-working, office-seeking politician, who has sought and obtained the nomination, by the usual appliances, bargains and tricks of professional politicians.

Judge POTTER comes forward at the call of the People, to bear up the standard of Freedom spontaneously and unanimously tendered him by the free choice of the Republican electors of the District. He was chosen, because, in the present crisis, he was believed to be the best man to fill the important office of Representative from this District in the next Congress.

Judge Potter is a man of fine social qualities, of literary attainments, of good personal address, a ready and fluent debater and an eloquent speaker, and in all these respects vastly the superior of his competitor, who is a poor public speaker. Judge Potter would command the attention and respect of Congress as a public debater and orator, while Mr. Hadley could not. We do not regard the qualification of being a good public speaker as essential to make a Congressman, but we do hold, that other things being equal, the representative of the commercial metropolis of the State, should be able to command attention and respect, as a public speaker, to qualify him for the highest usefulness to his constituents. And, in this respect, Judge Potter stands preeminent above his competitor. And his election would reflect credit upon his constituents, and secure us a representative of which the whole District might justly be proud, as a man, a gentleman, and a friend of Freedom.

We shall pursue the comparison to-morrow.

A BULL BUTTING A Train of Cars off the Track.—The cars on the Lackawanna and Blossburg Railroad, were attacked by a bull, below the Wyoming depot, on Saturday morning. His bullship was not on the track, but as the locomotive approached, he jumped on and made at it with his head down. The cow-catcher was broken, and the cars forced off the track. Part of the passenger returned, and part got on the tender and went to Scranton. We have not heard the extent of the damage, but have no doubt it was greater to the cars than to the bull.

"PIOPOLIS" is the name of a new town just laid out in the vicinity of Little Sturgeon Bay, in this State.

The Pennsylvania Election.

The return from Pennsylvania are of a more cheering character. The latest news from Philadelphia indicate that the Republican State ticket is elected, and that they have a majority of the Congressmen. Bradford county gives 4,000 Republican majority; Crawford county, 1,500 Republican maj.; Sullivan county, 200 Rep.; Wyoming county, 600 Rep.; Susquehanna county, 1,000 Rep.; Somerset county, 300 Rep.; Lancaster county, 3,000 Republican majority; Berks gives 6,192 Democratic maj.; Carbon county gives 1,000 Democratic maj.; Cambria county gives 1,500 Democratic maj.; Twenty-four towns in Tioga county give 2,400 Rep. maj., with five towns to hear from, which will increase it to 2,700. Chester county gives 800 Republican maj. A dispatch from Philadelphia, at 8 o'clock last evening, states that the Union State ticket is probably elected, as it was then largely ahead, and seventeen counties to be heard from, which last year gave 4,000 Republican majority.

We still think the Republicans have carried the State by a respectable majority. The telegraph line east is evidently in the hands of the Buchananers, and we will not be able to get correct figures until we get them by mail. A dispatch from New York, last evening, says:—

"It is generally admitted that the Republicans have carried Pennsylvania by a decided majority. They have now 2,000 majority, and several strong counties to hear from."

Ohio.

We have few additional returns from Ohio. The Republicans have gained in almost every county. In Cincinnati, the Republican gain is 4,000 over Chase's vote of last year, although the Democrats elect Pendleton and Groesbeck to Congress, caused by the running of separate candidates by the Fillmoreites. L. D. Campbell, Republican, is re-elected in the third district, and Galloway, Rep., in the Columbus district, though the contest between him and Cox, Dem., is very close. Ed. Wade, of course, goes back from the Cleveland district, by a larger majority than Brooks got votes at his election. It is possible that the Democrats have gained three or four Congressmen in the State, on account of their fusion with the Fillmoreites.

Indiana.

From Indiana we have very little. The indications are, that the result is extremely close. The Republicans claim the State, and the Democrats a majority of Congressmen. If the latter is true, it has only been effected by the most villainous frauds ever perpetrated on the elective franchise. Thus, it is reported that Foley, Democrat, is elected over Cumback, Republican, by 1,200 majority. This is one of the districts in which the Democrats imported large numbers of voters from other counties, according to the programme before laid out, which we published on Tuesday. Private dispatches are contradictory, in regard to this district.—We shall be sorry to hear positively, that Cumback is defeated, as he was one of the most efficient members in the House, from Indiana.—We await further returns with interest, and cannot but believe that Pennsylvania, Ohio and Indiana, have each rendered their verdict for Freedom and Fremont.

As to the charge that Mr. Botts would accept office under Fremont, Botts said:—

"When John Tyler shook those thirty pieces of silver at me, I shook my fist in his face. He shook them at Wise and also pocketed them."

Botts will be the death of unification if he keeps on as he has begun.

The Iowa State Fair, held at Muscatine, closed on Friday last. Female equestrianism attracted a great crowd on that day.—The contestants were Miss E. M. Pense, of Oklawaha, Mrs. J. M. Wheeler, of Iowa City, and Miss Brown of Fairfield.

Three men at Montreal, having been indicted for a conspiracy to defraud one John McDonald of a lottery ticket, Mr. Justice McCord, on the 4th inst., delivered an elaborate decision quashing the indictment. His judgment proceeds on the ground, that lotteries being illegal in Canada, lottery tickets are therefore valueless; it is an offence to steal them, much less to conspire to do so.

ALARM IN VIRGINIA.—The Richmond Whig of Oct. 10, says it has seen a circular from the Central Democratic Committee of Virginia, urgently calling for money—\$106 being demanded from each electoral district. This will amount to \$1,500. The excuse is, that "our Northern friends are hard pressed, and the crisis of the Southern fate is thrown upon them." The Whig hopes that the junta will not suffer themselves to be frightened out of their boots.

A SMALL STRAW.—A Sackett's Harbor, Jefferson county, New York, correspondent of the Albany Journal says a special election was held in that village, on the 7th inst., to fill a vacancy in place of the Fillmore supervisor, who decamped with the public school and highway money. The vote stood:

Daniel McCulloch, (Fremont).....136
William E. Tyler, (Fillmore).....198
Richard Hooper, (Buchanan).....94

UNITED STATES TROOPS IN THE RIGHT PLACE.—United States troops are still actively engaged in defending the people of Texas, from the assaults of the Indians, who are yet unengaged, and linger about Rio Pecos. This is a far more honorable and legitimate employment than has been assigned them in Kansas, by their Commander-in-Chief.

The Madison Journal still insists that our wrath was kindled against Gov. Bashford for his first veto. If the Journal thinks Gov. Bashford has too many friends, perhaps it would be well to try to reduce the number, by unjust charges of hostility to him.

DEMOCRACY SWALLOWING KNOW NOTHINGISM.—The Scranton Herald, the only Fillmore paper in Northern Pennsylvania, has been sold out to the Democrats, and is to be united to the Spirit of the Valley, the pro-slavery organ of the place.

A Liberty pole has been raised at Sturgeon Bay, in honor of Fremont and Dayton and the ladies of that place have presented a splendid banner, which now waves over the inhabitants of that goodly place.

Fremont Res in the Custom House.

From the N. Y. Evening Post.

A disease has recently appeared in the Custom House, which has caused no little anxiety among the friends of the general government at Washington. It appeared shortly after an assessment of two per cent. on the value of United States bonds in this city was laid by the National Democratic Committee some three weeks since.

The disease first manifested itself in an obstinate unwillingness to take the pecuniary diet prescribed for all government officials at Cincinnati; then symptoms of disgust for Buchanan appeared. The patient passed rapidly through this stage to an insane delusion about Fremont's, superior status and superior chances for the Presidency. Whenever he reaches this state he is deemed incurable. The disease is called "Fremont mania."

The only fatal cases we have yet heard of occurred in the Naval office, under Mr. Brodhead, "the victim was Chas. J. Hunt, Walter M. Feris and Mr. Wilson, all clerks in that office. Mr. Hunt was attacked at Morrisville, where he resides; the other two in this city.—Mr. Brodhead visited each of them but too late to set any service. They had all reached the last stage before he arrived. He asked them, by way of ascertaining what progress the disease had made, if it was true that they were favorable to the election of Fremont, and all proclaimed with almost supernatural force and energy, that they were ready, ready, and inured even to the instructions from his medical advisers in Washington, their bodies were at once removed, any further time or expense in treating them being deemed quite unprofitable. It is said that the disease pervades the Custom House quite extensively, and that several cases are already in the last stage, but none but those who have enumerated have as yet terminated fatally. It is apprehended that the new men from Maryland and Florida this morning, as to lower Broadhead's political system, as to predispose him to the disease. It is to be hoped that they will resist the contagion, and to get them men to serve the public on any terms, and when they do consent, it is distressing to contemplate the possibility of their loss. The people in this region have as yet scarcely recovered from the shock they received some months ago, from the announcement that he was to be sent to Japan.

Assembly Vote on Land Grant Bills.

The bill giving the grant of lands to the Eastern road was passed by the following vote:

Aye.—Messrs. Aiken, Barney, Binger, Bird, Bosted, Briggs, J. T. Brown, Butterfield, Cameron, Clappell, Cheves, Chipman, Colladay, Conner, Crum, Crawford, Drake, Drake, Fairley, Farr, Fitcher, Flood, A. B. Gray, Greenleaf, Hahn, Hawkins, Hawley, Hayes, Huntington, James, P. Johnson, E. Knowlton, Lunderlin, Lavin, McCormick, Mitchell, Morrison, Murphy, Nyon, Palmer, Potter, Sell, Seymour, Smith, Stark, H. S. Thomas, Thompson, Tobin, Vogelz, V. Wagner, Walker, Weaver, Wippenman, Wood, Woodman, Hull, Speaker—56.

Noes.—Messrs.—Alden, Anson, I. Brown, Burchard, Chapin, Davis, Day, Head, H. Johnson, Murray, Newell, Taylor—13.

The bill granting the Western lands to the La Crosse road was then passed as follows:

Aye.—Messrs. Aiken, Anson, Barney, Binger, Bird, Bosted, Brazleton, Briggs, J. T. Brown, Burchard, Butterfield, Cameron, Chapin, Chipell, Cheves, Chipman, Colladay, Conner, Crum, Crawford, Crawford, Davis, Drake, Fairley, Farr, Fitcher, Flood, A. B. Gray, Greenleaf, Hahn, Hawkins, Hawley, Hayes, Howe, Huntington, James, P. Johnson, E. Knowlton, Lunderlin, Lavin, McCormick, Mitchell, Morrison, Murphy, Nyon, Palmer, Smith, Stark, H. S. Thomas, Thompson, Tobin, Vogelz, V. Wagner, Walker, Weaver, Wippenman, Wood, Woodman, Hull, Speaker—62.

Noes.—Messrs. Alden, I. Brown, Head, J. H. Knowlton, Murray, Newell, Taylor—7.

Progress Downward.

There is something in the support of the Buchanan cause which leads its votaries to say and do very disgraceful things. The News of yesterday furnishes an illustration of this.—Some of the ladies of this city have, with a zeal which does them honor, made efforts to obtain, by extra means, funds to be sent to Kansas in aid of the suffering Free-State people there. In allusion to this, the News says:

"In the name of freedom, old withered hags are sent from door to door, begging victuals, to be sent to the Free State, but in this city 'shrieking' women fifty cents each, towards raising funds to defray election expenses."

Sham on the press which allows itself to utter such brutal insults? And for what are these noble women so insulted? Hundreds—say, the hands of the people of Kansas have been driven away from their homes and little ones in burning houses—fathers have been torn away from their families and murdered—houses have been plundered of everything in the shape of food or clothing—the horses and cattle of the settlers have been taken from them—and in defence of their lives they have been obliged to abandon their farms and crops, and band together for defence. They are, now, when winter is soon coming on, ragged and in every way absolutely starving! Their cry comes to us for help to save them from death by starvation; and when the women of the North try to raise means to help them, they are insulted as the News insults them. It is the very height of brutality—it is almost fiendish. It is almost inconceivable that in this country, in a Christian land, such things can be done.

WHAT THE U. S. WERE ONCE.—Capt. Nat. Johnson—everybody knows Capt. Nat. Johnson—was travelling in the cars the other day, when he overheard two Englishmen commencing this country in terms of unusual warmth: "Do you like this country, though?" asked Capt. Nat.

"Indeed we do," replied the Englishmen.—"We are surprised and delighted with everything we see: your institutions, and habits, and life is so all so different and so much more wonderful and attractive than we had ever suspected."

"If you think so well of our country now," rejoined Capt. Nat., "Good God, what would you have thought of it if you had seen it before Pierce was elected President?"—N. Y. Evening Post.

PRINTERS' PUN.—The St. Louis Republican tells a story of a printer, well known to the craft, who was recently "lucked up" in one of the apartments of a lady at one of the hotels in that city. The lady had a husband, who suspected that the "devil" was "subbing" at his "case" broke into the room, where he was furnished with a "proof" of their guilt. The printer, however, had a "shooting-stick," one barrel of which he discharged at the enraged husband, and then fled. The "lucked matter" fortunately did no injury to the "form" of the husband, who, after giving "chase" for a short distance, returned to his room, satisfied that his domestic happiness was knocked into "pi." The craft generally consider it "matter" that cannot be "justified," and the guilty fellow ought to "distribute himself" as wide as possible.

POLITICAL PROBLEMS.—If Millard Fillmore's chances to carry a single northern state are worth a red cent, what is the probable distance between Dr. Kane's Expedition to the Arctic Sea, and last 4th of July?

If negroes would be worth five hundred dollars more, each, if Buchanan is elected, and the natural increase of southern negroes is 300,000 per annum, what would be the par value of a war with Great Britain, and a stampede among the peon-sters and "whippersnaps?"

Buff. Republic.

PRESIDENT PIERCE'S RETURN.

The military and large number of citizens gathered at the station in Washington, last evening, to welcome President Pierce back to Washington. As the cars approached, a salute was fired, and the crowd sent up a loud huzzas, when a wet blanket was thrown upon their enthusiasm by the statement, from the Mayor, that the President had not arrived. The cause was said to be the roughness of the water at Annapolis, which rendered it impossible for him to land from the Wabash. The President was probably preparing to receive the news from Pennsylvania, and did not dare to trust himself to the mercy of the elements, in his present agitated state of feeling. We suggest that he had better remain on board the Wabash. If the election news has a bad effect on him, it can be laid to the "roughness of the water," or sea-sickness, or most any other cause.

DODGE CO. REPUBLICAN CONVENTION.

This Convention met at Juneau on Thursday, and nominated the following ticket:

Register of Deeds—L. S. Van Orden, of Neesho.

Sheriff—O. S. Phelps, of Beaver Dam.

Treasurer—A. H. Atwater, of Oak Grove.

Clerk of the Court—Samuel Noyes, of Clyman.

District Attorney—W. H. Butterfield, of Horicon.

Clerk of Board of Supervisors—Frederick A. Beckel, of Herman.

County Surveyor—H. H. Case, of Fox Lake.

Coroner—Carlton Cleveland, of Oak Grove.

ATTENTION, SPORTSMEN!—Wild ducks are now plenty on the Rock and Crawford rivers, offering fine inducements to those fond of the sport.

A BAD FIX.—Mr. Fillmore's friends say for him that he would rather be right than be President. Unfortunately for their Apollo he never can be either.

CONSISTENT WITH THEIR PRINCIPLES.—The recent Brooks meeting at old Ninety-Six was presided over by a man named Came.

STOPPING INTERCOURSE WITH THE NORTH.—The Richmond Whig, of Saturday last, says vessels are much wanted to take freights to Northern and Eastern points from that port.

The Oshkosh Courier has learned by private advice, that the Eastern Land Grant bill has failed. No other paper has the news.

Alexander Gunn was discharged from the Custom house at La Crosse for malpractice. The entry in the book stands thus: "A. Gunn was discharged for making a false report."

SAILED.—The Steamship Africa sailed from New York, yesterday morning, for Liverpool, with 55 passengers and \$800,000, in specie.

E. ENOS, Jr., is the Republican Candidate for Assembly in the Brookfield, Pewaukee and New Berlin District, of Waukesha County.

MAYOR OF NEWARK.—The Democratic Candidate for Mayor, in Newark, N. J., was elected, on the 14th inst by 500 majority.

We understand that the La Crosse & Milwaukee road will be open to Fox Lake some time next week. It is expected it will be completed to Portage City this coming winter.

E. L. RUSSELL is the Republican nominee for the Assembly in the Western District of Fond du Lac Co.

ENCOURAGING.—For the publisher of a new paper which has only reached its third number to request his subscribers to "call and settle up."

NORTH-WESTERN REPUBLICAN.—We have received No. 3 of a new republican paper of this title, published at Green Bay, by Porter Jones. Success to it.

MANITOWOC NOMINATIONS.—The Buchananers of Manitowoc Co. have nominated Joseph Clark for Senator, and H. C. Walker for Assemblyman in the Eastern, and Thos. Cunningham in the Western District.

DEATH OF A CENTENARIAN.—A German named Horn, aged 100 years and 12 days, died at his residence in Allegheny last week. He came from Germany in his 70th year.

IOWA STATE FAIR.—At the Iowa Agricultural Fair, last week, a specimen of Rhubarb plant was exhibited from Wisconsin, which was thirteen inches in circumference and weighed eight and one-half pounds.

A substantial Ferry has been established across the Wisconsin River at Kilbourn City.

A MR. TROTTER was married to a Miss Gallup, at Saratoga Springs, last week. She has been on that trot ever since, and our Devil is guilty of the following:

"By your 'two wheel trotter.'"
To stop this world from following
And turn her to a Trotter!

Les Moines Valley Whig.

SMART GIRL.—A Fremont girl out west fell in company with a Buchanan crowd a day or two since, when she was told that the Fremont men would all be sent up Salt River this fall. "Then," said she, "rather than stay in such a crowd as there'll be left I'll go up and cook for them."

"Bleeding Kansas. What do I care for Kansas?" said a Buchanan man with a sneer, to one of his leaders, a few days ago. That man was honest. We have no doubt he spoke what nine-tenths of his associates feel but don't speak for fear of losing the few Buchanan men who do care for "bleeding Kansas."

People's (Pa.) Journal.

A bear was seen in the tamarack swamp, a short distance from this village, a few days since. Mr. F. W. Meyer shot at him once or twice, but bruised himself. We hear he was killed next day, somewhere in Farmington.

The grading of the Railroad at this place is going on finely. The hills show strong symptoms of coming down and the valleys of rising up, and the rough places of being made smooth.

Kilbourn City Mirror.

CRANBERRIES.—The cranberry crop of this year is much larger than for many years, and the fruit is of an extra quality. The present price at the stores is \$1.50 per bushel.

Minneapolis Republican.

Mr. Converse, the gentleman who was hurt in a Threshing machine last week, died on Wednesday morning at 6 o'clock. Thus suddenly and in a dreadful manner has one of our neighbors been severed from a large circle of friends and acquaintances—leaving an affectionate wife and family to mourn his untimely end.—Fox Lake Journal.

Letter from Senator Worthington.

Senator Worthington writes a letter to the Argus to correct an erroneous impression founded by an article on the Investigating Committee, in which he says:

"In giving the number of days service of each member of the committee, you omit the amount paid to each as reported by the Secretary, and the reader is left to the conclusion that some portion and perhaps an equal share was received by myself. The report shows plainly that I have received nothing."

You also say, erroneously, that Judge Potter procured the passage of a bill giving him double pay for all summer." The bill in question which appropriated to him \$327.50 was introduced by myself without the advice or consent of Judge Potter, after having been submitted to and approved by a Democratic member of the committee. By giving this an insertion you will oblige.

Yours,
D. WORTHINGTON.

DR. CALVIN M. FITCH,
 AUTHOR of the "Hay Fever Guide and Cough
 Manual," &c., having returned from Europe, is
 on a Professional Visit to Chicago, and
 may be consulted daily (Sundays excepted).

ment the **SECRETARY HOUSE**,
 Dr. HEPPEL's views is drawn from the
 principles, but to the fact that, regarding **Consump-**
 tion as both a local and general aff-
 and—by **medicinal and sthenotrophic in-**
 fusions, tending directly to the blood and organs, with
 appropriate **Internal Remedies and Gen-**
 eral Hygiene, he maintains the **curability of**
 which refers us to the book.

Based upon the success of the following treatment of Acheson and Claude Rennie Ellis, Dr. H. C. H. has been able to cure of relapsing cases of many years' standing, and which had resisted all ordinary measures.

In the treatment of other Chronic Affections, and especially **Female Disorders**, the employment of medicinal remedies as well as medical measures has been reported successful in 90% secured by this combination of medicinal measures.
